SAP C-ARCON-2202 Exam Description:

The "SAP Certified Application Associate - SAP Ariba Contracts" exam validates that the candidate possesses the fundamental and core knowledge required of an SAP Ariba Associate Business Consultant profile. This certification proves that the candidate has an overall understanding to participate as a member of a project team in a mentored role. This certification exam is recommended as an entry level qualification to participate in all SAP Ariba Contracts design and implementation projects. Please note that this version of the exam takes part in the Stay Current with SAP Global Certification program. Once you pass this version of the exam, make sure that you start your stay current process with the subsequent quarter. You will be required to take the quarterly Stay Current Assessment for all subsequent SAP Ariba Contracts releases via the SAP Learning Hub to maintain your SAP Ariba Contracts business consultant certification status and badge. In order to participate in the Stay Current program and access the Stay Current enablement and assessment, you will need at minimum an SAP Learning Hub, edition for Procurement and Networks subscription.
